ARE YOU READY TO TRAIN LIKE A PRO?

PINNACLE PROSPECTS Powered by K-MOTION Baseball

For the first time ever, hitters of all ages and skill levels have access to the player development technology used by 22 MLB organizations.

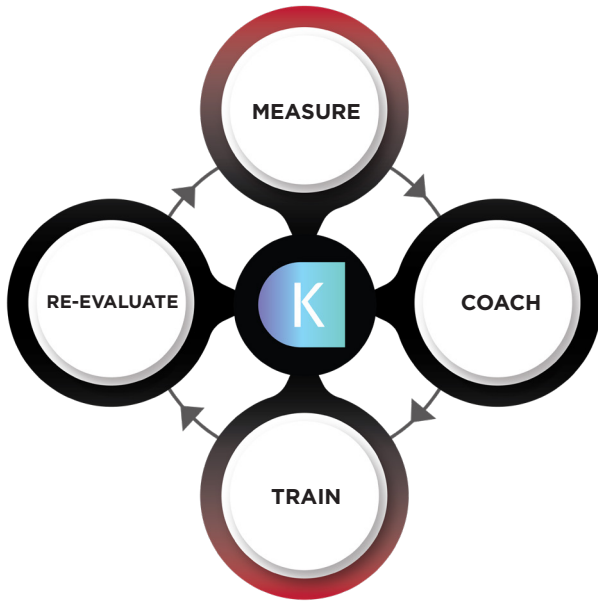

Pinnacle Prospects powered by K-MOTION Baseball uses your 3D swing data to objectively pinpoint areas of improvement, design a personalized action plan and assign the exact video drills you need to reach your true potential. Everything is delivered and tracked through your app, so you and your parents can see progress every step of the way.

“#1 Technology
Revolutionizing Baseball”

HOW IT WORKS

Your App is the Center of Your Development

Measure

3D sensors measure your key body segments for a true understanding how you swing and move

Coach

Using your 3D swing data, our coaches assign the exact drills and programs you need

Train

You train the personalized video drills that are delivered through your app

Re-evaluate

Come back to Pinnacle Prospects to be re-measured, see your progress and receive your new training program

TRACK YOUR PROGRESS & SEE HOW YOU STACK UP

Are you able to definitively track your progress? Do you want to see how your swing compares to players your own age? How about vs. players one year older?

Pinnacle Prospects powered by K-MOTION Baseball provides objective tracking, peer comparisons, rankings and more!
